

NEW YORK CONSTRUCTION LIEN LAW FOR PRIVATE IMPROVEMENTS

For anyone involved in the construction industry, the ultimate goal upon completion of providing services, or the completion of providing necessary building supplies, is to be paid. Learn how to properly utilize the tools contained in the Mechanic's Lien Law to assure that you achieve that goal.

TOPICS TO BE DISCUSSED

- I. General Principles Of Mechanic's Liens
- II. Elements of Notice Of Private Improvement Lien
- III. Enforcing The Mechanic's Lien
- IV. Defensive Actions
- V. Questions and Answers

WHO SHOULD ATTEND

This seminar is designed for contractors, owners, developers, subcontractors, suppliers, architects, engineers, lenders, accountants and other construction professionals providing goods or services to construction projects.
